			26		26		
Status of the course	Elective	Percentage of application of e-learning	20%				
COURSE DESCRIPTION							
Course objectives	The aim of the course is to enable students to acquire knowledge in the field of commercial law, whereas specific autonomous (national and international) sources of law, certain types of commercial contracts (named and unnamed) and securities will be covered. Students acquire knowledge about the basic terms important for the establishment and internal organisation of certain types of corporations (relations between the branch and relations between members of companies). It is also the object of the course to acquire knowledge of the status changes that a particular corporation can take as well as ways to connect with other corporations in order to optimize its organizational structure, all with the aim of enabling the student to get the knowledge that he needs.						
Course enrolment requirements and entry competences required for the course	There are no special course enrolment requirements. The course is open for cross registration to all students across the University of Split.						
Learning outcomes expected at the level of the course (4 to 10 learning outcomes)	Learning outcomes: Analyse the System of Commercial and corporate law of the Republic of Croatia - level 6 Individual learning outcomes: 1. Analyse autonomous and heteronomous sources of trade law in the Republic of Croatia, international sources of autonomous trade law, as well as the hierarchical scale of their application to commercial contracts - level 6 2. Identify the underlying concepts from the general part of civil law code (entity, legal capacity and capacity to exercise rights, reasons for voidness and voidability, etc.) - level 6 3. Review the core features of the general terms of corporate law: (the terms of merchant, legal business name and principal business) - level 6 4. Categorize the types of limited liability companies as well as examine ways of founding and core features of some partnerships (general partnership, limited partnership, Economic Interest Groupings, silent company) - level 6 5. Identify the underlying features of a limited liability company and a joint stock company, starting with means and legal prerequisites for founding, legal relationship between the members, division of competencies between the company bodies, operations with the core capital, etc.) and ability to compare the differences and similarities between them - level 6						

2021./2022.

19/10/21 – 2.Sj.FV.

	6. Identify the underlying features of named contracts of commercial law under the Law on civil obligations or other legal regulations, as well as knowing features of typical unnamed contracts whose content is settled in business practice - level 6			
Course content broken down in detail by weekly class schedule (syllabus)	Lectures		Exercises
